Dear Applicant,

Would you like to work in the best, most considerate school? Here at Birchwood we are hardworking, polite and considerate. We concentrate on every piece of work we write and always put 150% into everything we do. So come along and you can join us too.

At Birchwood not just the pupils are hardworking, but our staff are even more amazing than us. Our teachers read our work and give us amazing feedback on how to improve. How would you like to read the best work in the county? One of our teachers who joined us in September said "In a few words I would describe this school as friendly, welcoming and hardworking." Would you like to experience that from one school? What are you waiting for? Come along and be part of the lovely family we have created at this school.

Birchwood is full of great things to do and fun, kind people. Everyone is enthusiastic in everything they do and always be the best they can and put their best efforts into work. Also our school has rewards. Our 2 rewards we have are stars and 'presentation points.' These go out to pupils for goodwork, neat handwriting and well presented homework.

So why should you apply? You should apply because it is an opportunity you will never forget. All 400 children are welcoming, considerate and won't let you down. It is a once in a lifetime opportunity and we will always be kind and considerate to everyone and every newcomer who steps foot into the wonderful place that is Birchwood. So come and be part of the family and feel welcomed.

Yours Sincerely Georgia Year 6.

Adopted Charity
