

English

This half term we will continue to develop our writing skills. We will be learning more about sentences and making our writing more interesting.

We will be writing shopping lists, creating character profiles, writing letters and stories.

Maths

Our focus this half term will be on recognising our numbers to 20. We will be doing lots of counting. We will also be developing our addition and subtraction skills, using a range of strategies to help us.

Science

In our lessons, we will be learning how to carry out an investigation. We will learn how to make predictions, record what we see, measure and explain what we have found out.

Computing

We will be learning how to use computers to support our learning. We will be learning how to log on

History

We will be learning about the history of space travel and famous astronauts.

Our Autumn Theme

Destination Outer

Space Year 1

Geography

We will be looking at satellite images of the Earth from space. We will be discussing what we can see.
