

English

By the end of the autumn term we will have improved our story writing, created information texts and produced our own wintry-themed poetry.

Maths

We will continue our work on shape and number as well as learning to tell the time with more accuracy and working with negative numbers in temperature.

Science

To tie with our theme, we will learn about solids, liquids and gases as well as temperature in our science theme 'keeping warm.'

ICT

We are improving our presentational, photographic and research skills by documenting our adventure through our wintry tale.

History

-

Our Autumn Theme

Frozen Year 4

Geography

We will look at contrasts and comparisons with a country that has a cold climate.

Music

In music we will create winter soundscapes.

P.E

We are improving our rugby skills and practising and learning basic dance moves and interpretation.

Art

We will look to use chalks and pastels to create winter scene.

R.E

We will be learning about caring for other people.

PSHE

We have the opportunity to learn about relationships.

Our Trip

Snowdome – science experiments.

Our Visitors

N/A

Key Text

The Ice Palace
Robert Swindells

End Product

Soundscapes performance at Christmas Fayre and our mystery product to sell at the Christmas Fayre.
