You need to complete 2 choices each half term (4 in total before the Summer holidays). Each half term one of your choices needs to be theme based (pink) and the other can be any of the curriculum tasks (blue). You need to be ready to share your learning at the stop off dates, with adults and children back in school, who will give you feedback on your learning. You can decide on the order of your 4 Home Learning choices which you are going to share back in school, but you can always complete other tasks from the list at home should you wish too.
